Small Group Discussion Questions:

1. Great Chemistry deals with the emotional side of a relationship. Why do you think this is so often under-emphasized in family relationships? How can emotions and feelings be cared for, nurtured and strengthened?
2. Review the points and verses from this lesson. What personal application can you make from this teaching?
3. How can wounded emotions be mended and wounded relationships healed? What are several keys for reconciling marriages and families? What additional Bible passages come to mind?
4. Take some time right now to pray for the needs of those in your small group.
